Model #: P102-000-R

Computer Cable, AT Serial Gold Adapter (Reverse Gender)

Highlights

- Changes a DB9 Male connector into a DB25 Female Connector
- Fully shielded against EMI/RFI interference
- Retail Packaging

Description

Tripp Lite's serial adapter has gold plated connectors. It will change a DB9M connector or port into a DB25F connector or port to accept a DB25M cable or device. Gold plated copper contacts provide maximum conductivity and keep data loss to a minimum. 28 AWG stranded tinned copper conductors are individually insulated in polypropylene. This minimizes cross talk and ensures high-speed, error-free transmission. Tripp Lite warrants this product to be free from defects in materials and workmanship for life.

System Requirements

- DB9M serial port on a PC

Package Includes

- Serial Gender Changer DB9F to DB25M Gold Connectors

Features

- Change a DB9M connector or port into a DB25F connector or port to accept a DB25M cable or device.
- Gold plated contacts and connectors for superior conductivity
- Fully shielded against EMI/RFI interference
- Tripp Lite warrants this product to be free from defects in materials and workmanship for life
