0.635mm Pitch ID Cable Connector

HIF6H Series

■Features

1. Batch Insulation Displacement of 0.635mm Pitch ID Cable Connector

The 0.635mm pitch cable can be insulated and displaced at a time. HIF6 series is displaced two sheets cable with one sheet cable.

2. Applicable Cable AWG#30
The applicable cable is AWG#30 cable.

3. Achieve Bus-line Connection

This connector allows connection to No. 1 pin. By changing the cover, bus-line connection can be allowed.

4. Compatibility

This connector allows engagement with the HIF6A(B) series header. However, the lock header is used for the HIF6H series only.

Note: HIF6H series should be ordered together with the cable.

■Applications

Computers, peripheral terminal equipment, various kinds of business machines.
